

The following is a list of all COSEWIC-listed bird species that breed in Manitoba (and two species that have a provincial listing but not a federal listing). WHEREVER POSSIBLE, please document these with precise location data (e.g. by completing a rare bird form or entering coordinates into casual observation form or by using the Google maps tool).

Species	Status	Habitat	Atlas Regions Expected
Baird's Sparrow	<i>Not COSEWIC listed but provincially endangered</i>	Grassland	1 (possible in 2?, 3?, 7?)
Bobolink*	Threatened	Grassland, parkland transition	1, 2, 3, 4; southern 5, 6, 7
Burrowing Owl	Grassland raptor	Grassland	1 (possible in 2?, 3?, 7?)
Canada Warbler*	Threatened	Southern boreal, especially slopes with dense shrubs under deciduous or mixed forest	4, 5, 6, 7, 8, 9, 10
Chestnut-collared Longspur	Threatened	Grassland	1 (possible in 2, 3?, 7?)
Chimney Swift	Threatened	Parkland & urban areas	1?, 2, 3, 4, 6?, 7
Common Nighthawk*	Threatened	Forested or wooded areas	1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13
Ferruginous Hawk	Threatened	Grassland	1 (possible in 2?, 7?)
Golden-winged Warbler	Threatened	Parkland & boreal transition	Northernmost 2; eastern 3?; all 4; southwestern 5, 6, 7
Horned Grebe	Special Concern	Vegetated small lakes, potholes	All regions but rare in extreme eastern MB
Least Bittern	Threatened	Marshes with extensive reeds	1?, 2? 3?, 4?, 5?, 6?
Loggerhead Shrike	<i>Eastern = Endangered Western = Threatened</i>	Grassland with interspersed shrubs	1, 3?, 7? (formerly 4)
Olive-sided Flycatcher	Threatened	Boreal, especially bogs & areas with standing snags	4, 5, 6, 7, 8, 9, 10, 11, 12, 13?, 14?
Peregrine Falcon	Special Concern	Mostly urban	1, 3
Piping Plover	Endangered	Large sandy beaches, alkali flats	5?, 6?
Red-headed Woodpecker	Threatened	Parkland, especially with decadent deciduous trees and sparse understorey	1, 2, 3, 4, 5, 6, 7
Ross's Gull	Threatened	Churchill area only	14
Rusty Blackbird	Special Concern	Boreal bogs	4?, 5?, northern 6? & 7; all 8, 9, 10, 11, 12, 13, 14
Short-eared Owl	Special Concern	Grassland, tundra, extensive boreal open wetlands	1, 2, 3, 4, 5, 6, 7?, 8?, 9?, 10?, 11?, 12?, 13?, 14
Sprague's Pipit	Threatened	Grasslands, grazed pastures	1, 2?, southern 7 (formerly 3, 4, 5)
Trumpeter Swan	<i>Not COSEWIC listed but provincially "extirpated"</i>	Boreal lakes	4?, 5, 6?, 7, 8, 9, 10, 11?, 12?, 13?, 14
Whip-poor-will*	Threatened	Parkland & boreal transition	Eastern 3; all 4, 5, 6, 7, 8?; southern 9
Yellow Rail*	Special Concern	Sedge meadows, wetlands, flooded pastures	1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11?, 12, 13?, 14

A question mark beside a region number indicates that the species in question is very uncommon there. An asterisk beside a species name indicates that they may be common in some localized areas.
